SUPPLEMENTARY ONLINE MATERIAL FOR

**Foraminiferal assemblages as palaeoenvironmental bioindicators  
in Late Jurassic epicontinental platforms: Relation with trophic  
conditions**

Matías Reolid, Jenő Nagy, Francisco J. Rodríguez-Tovar, and  
Federico Olóriz

Published in Acta Palaeontologica Polonica 2008 53 (4): 705–722

This supplement contains links to three Microsoft Excel files with the proportions of the genera of foraminifera from Brora, Navalperal and Riogazas–Chorro sections:
