

Vol. 39, No. 4, pp. 413–414, Warszawa, 1994

Volume 39 Number 1 (published May 1994)

Michael J. Weedon

Tube microstructure of Recent and Jurassic serpulid polychaetes
and the question of the Palaeozoic 'spirorbids' 1–15

Cyprian Kulicki and Larisa A. Doguzhaeva

Development and calcification of the ammonitella shell 7–44

Hans A. Nakrem

Middle Carboniferous to Early Permian bryozoans
from Spitsbergen 45–116

Natalya Boyarina

Callipterid pteridosperms from the Early Permian of Ukraine . . 117–133

Book review 16

Nomenclatorial note 134–136

Volume 39 Number 2 (published July 1994)

Tatyana N. Koren' and Adam Urbanek

Adaptive radiation of monograptids
after the Late Wenlock crisis 137–167

Hanna Górka

Late Caradoc and early Ludlow Radiolaria
from Baltic erratic boulders 169–179

Jørn H. Hurum

Snout and orbit of Cretaceous Asian multituberculates
studied by serial sections 181–221

Janina Szczechura

A segmented Paleocene cheilostomatous bryozoan
and its possible relationships with pseudarcellids 223–231

Book review 168

Paper reviews 180, 222, 232

Volume 39 Number 3 (published October 1994)**Józef Kazimierczak**

Confirmation of the poriferan status of favositid tabulates233-245

Jerzy DzikEvolution of 'small shelly fossils' assemblages
of the Early Paleozoic247-313**Lev A. Nesson, Zofia Kielan-Jaworowska, Jørn H. Hurum,
Alexander O. Averianov, Petr V. Fedorov, Daniel O. Potapov,
and Merethe Frøyland**

First Jurassic mammals from Kyrgyzstan315-326

Paper reviews246, 314**Editorial note**327-328**Volume 39 Number 4** (published December 1994)**Monika Masiak and Anna Żylińska**Burgess Shale-type fossils in Cambrian sandstones
of the Holy Cross Mountains329-340**J. Keith Rigby, Matthew H. Nitecki, Constance M. Soja,
and Robert B. Blodgett**Silurian aphrosalpingid sphinctozoans
from Alaska and Russia341-391**Alexander O. Averianov**Early Eocene mimotonids of Kyrgyzstan
and the problem of Mixodontia393-411**Paper review**392**Contents**413-414
