

Some Otarionidae (Trilobita) from the Lower Carboniferous of Europe

Halszka Osmólska

Acta Palaeontologica Polonica 12 (2), 1967: 161-173

Three Lower Carboniferous representatives of the family Otarionidae: *Coignouina acanthina* (Coignou, 1890), *Namuropyge discors discors* (M'Coy, 1844), *N. discors kingi* R. & E. Richter, 1939 are here redescribed and figured. Their systematic position and the constitution of the family Otarionidae are discussed. Reconstructions of *Coignouina acanthina* and *Namuropyge discors discors* are given.
